Re: Charges for Covid Related Services

Dear [Patient],

This is to advise you that after an internal review it was discovered that you were billed for services for testing or treatment related to COVID-19. These charges were issued in error and have now been reversed. You do not need to do anything in response to this letter. If any payments were made for COVID-19 related services, those payments either have or are being refunded.

Should you have any questions, please call [SJGH contact] at [phone number]. We apologize for any inconvenience and look forward to providing your care in the future.

Sincerely,

Richard Castro,
Chief Executive Officer, San Joaquin General Hospital
